

CLAIMS

I claim:

- 1 1. A multi-layered candy novelty, comprising:
2 an interior layer made of hard candy; and
3 an exterior layer made from a soft confectionery material
4 surrounding the interior layer.
- 1 2. The multi-layered candy novelty according to claim 1,
2 wherein said exterior layer is made from chocolate.
- 1 3. The multi-layered candy novelty according to claim 1,
2 wherein said exterior layer is made from a soft, gummy gelatin.
- 1 4. The multi-layered candy novelty according to claim 1,
2 wherein:
3 said exterior layer is formed to represent the skin and
4 flesh of an anatomically correct human body part; and
5 said interior layer is formed to represent a skeleton of
6 the human body part.

1 5. The multi-layered candy novelty according to claim 4,
2 wherein the anatomically correct human body part is represented
3 in three dimensions.

1 6. The multi-layered candy novelty according to claim 4,
2 wherein the anatomically correct human body part is represented
3 in as a flat, two-dimensional representation.

1 7. The multi-layered candy novelty according to claim 1,
2 wherein:

3 said exterior layer is formed into a caricature; and

4 said interior layer is formed into a skeleton of the
5 caricature.

1 8. The multi-layered candy novelty according to claim 7,
2 wherein the caricature is a Frankenstein head.

1 9. The multi-layered candy novelty according to claim 7,
2 wherein the caricature is a tiger head.

1 10. The multi-layered candy novelty according to claim 7,
2 wherein the caricature is represented in three dimensions.

1 11. The multi-layered candy novelty according to claim 7,
2 wherein the caricature is represented in as a flat, two-
3 dimensional representation.

1 12. The multi-layered candy novelty according to claim 1,
2 further comprising a stick, said interior layer being mounted on
3 the stick.

1 13. An anatomically correct candy novelty comprising:
2 an exterior layer of confectionery material representing
3 skin and flesh of an anatomically correct human body part; and
4 an interior layer of hard candy material representing a
5 skeleton of the anatomically correct human body part, said
6 exterior layer covering said entire interior layer of the body
7 part.

1 14. The candy novelty according to claim 13, wherein the
2 exterior layer of confectionery material is made of chocolate.

1 15. The candy novelty according to claim 13, wherein the
2 anatomically correct human body part is a face.

1 16. The candy novelty according to claim 13, further
2 comprising a stick, the interior layer being mounted on the
3 stick.
